

## Sussex Chamber – Member to member offer

We're excited here at Factory Internet to be offering a FREE, yes FREE, external vulnerability scan ★ OR ★ Cyber security architecture workshop to the Sussex Chamber member community.

Price list value £3k + dependent on assets\*

**You can book in with us on the links below and must be booked in with us by 30<sup>th</sup> November 2024!**

### **Vulnerability scan**

If you'd like to see how well your organisation is protected against Cyber threats, gain that external view, identify any critical/urgent gaps that require attention, then do get in touch and book below for our vulnerability scan and OS INT (open source intelligence) engagement, along with mini report and debrief session.

### **Cyber security architecture workshop**

If you'd like a pragmatic view on how to approach Cyber security, we promise to ditch the FUD, instead empowering you with educational content and solutions specific to your organisation and threat landscape.

Book today and join our experts on a 1-1 Security architecture workshop.
